Switzerland

Discover a vibrant global community of students who represent more than 60 nations and speak more than 30 languages.

The TASIS experience unlocks the unique potential of every student and produces what our Founder M. Crist Fleming called “international human beings—men and women who are capable of moving easily in any society and any civilization on the face of the earth.”

**BUILD LASTING FRIENDSHIPS WITH
STUDENTS FROM ALL OVER THE WORLD!**

TO APPLY, VISIT summer.tasis.com/apply

DISCOVER THE BEAUTY OF SWITZERLAND AND BEYOND

The magic begins on our campus. Perched on a hillside in sunny southern Switzerland with commanding views of snow-capped mountains, palm trees, and Lake Lugano, our ever-evolving global village comprises 25 buildings dating from the historic 17th-century Villa De Nobili to the state-of-the-art Campo Science Center.

Capitalizing on our location in the heart of Europe, our travel program will introduce you to majestic natural settings—from the Swiss Alps to the Italian lakes to the Mediterranean coast—and to stunning European cities, including Andermatt, Basel, Florence, Milan, Nice, Rome, Siena, Venice, Zermatt, and Zurich.

WHERE WILL YOU GO?

RISE TO THE CHALLENGE

- Canyon in Cresciano • Raft down the Rhine River
- Hike the Jungfrau • Ice climb the Furka Glacier in Andermatt
- Ride an alpine slide on Monte Tamaro • Kayak on the Ticino River
- Waterski on Lake Lugano • Paddleboard on Lake Maggiore

WHAT ADVENTURES WILL YOU CHOOSE?

DEVELOP YOUR MIND

While our programs provide plenty of time to play and explore, most mornings are dedicated to traditional classroom learning with a first-rate team of dedicated educators. Among other options, you can take intensive courses in Italian, French, or English as an Additional Language; build

an academic writing portfolio; prepare for the International Baccalaureate Diploma Program; learn how to cook like an Italian; develop your own lean startup; and study robotics, science, STEAM, digital photography, architecture & design, fashion & textile design, or musical theater.

A photograph of two young girls sitting at a table, focused on building a LEGO robot. The girl on the left has long brown hair and is wearing a red shirt. The girl on the right has long blonde hair, wears glasses, and is also wearing a red shirt. They are surrounded by various LEGO bricks and components. The background is a plain, light-colored wall.

WHAT
WILL YOU
LEARN?

CREATE YOUR MASTERPIECE

Our visual and performing arts programs are designed to build confidence and bring out the artist in every child. Whether you want to star in an original musical, learn a new instrument, perform a modern dance, write your own script

or song, paint a canvas of the campus, take the perfect photo, design a poster, build an architecture model, or create a culinary masterpiece, our devoted team of professional artists and educators will help you achieve your goal.

WHAT WILL YOU CREATE?

THE TASIS SUMMER PROGRAM (TSP): Ages 14–18

LEARN

Challenging. Inspiring. Engaging. TSP courses offer you the opportunity to stretch your mind alongside new friends from around the world. Each student selects one of the following courses and focuses on that subject for approximately four hours each weekday morning.

ENGLISH AS AN ADDITIONAL LANGUAGE (EAL)

TSP English courses are structured to improve fluency and confidence in an immersive environment. Lessons are reinforced through daily interactions with friends and counselors.

ACADEMIC WRITING

Students practice the various forms of writing that are expected at quality international schools and universities. Classes focus on structuring and writing narrative, expository, persuasive, and research essays, and students leave with a portfolio of work that will enhance their school applications. This course is limited to students who place in the highest EAL level or are native speakers. *First session only.*

INTENSIVE FRENCH

The TSP French program is focused on providing an accelerated environment for learning the French language and learning about Francophone culture. Students develop speaking, reading, and writing skills and learn about French food, culture, songs, and films.

INTERNATIONAL BACCALAUREATE (IB) PREP COURSE

Students learn about the three core components of the IB program (Theory of Knowledge; the Extended Essay; and Creativity, Activity, Service) and develop their research, presentation, and academic writing skills. The class also discusses how to stay on track in the IB Diploma Programme through realistic goal-setting and time management. Students must have at least an intermediate level of English.

LEAN STARTUP MASTERCLASS

Guided by an experienced teacher and the build-measure-learn feedback loop, students learn the basic principles of the lean startup approach, examine how the digital innovation explosion has rapidly changed the way an entrepreneur must approach starting a new business, identify which skills are most important in this new landscape, and ultimately develop their own ideas into a startup. *First session only.*

MUSICAL THEATER

Students lift their musical theater skills in this comprehensive course taught by our excellent Dedicated Performing Arts Team, which features international performers working in London, New York, Los Angeles, and beyond. The group takes classes in music, dance, and acting and helps craft an original musical that is performed at the end of the session. A demanding rehearsal schedule challenges and elevates performers to reach beyond their limits.

FINE ART PORTFOLIO

This intensive drawing and painting course offers young artists the unique opportunity to learn and practice techniques taught in 19th-century French art academies. The classic approach allows students to enhance both their artistic skills and portfolios and is an excellent option for students preparing to enter art school or for those studying AP or IB Art. Applicants are required to submit a recommendation from an art teacher. *First session only.*

DIGITAL PHOTOGRAPHY

Take your photos to the next level! This course is an introduction to the technical and aesthetic properties of digital photography with an emphasis on using a digital camera as a tool for photographic self-expression. Students learn how to process their images with the tools offered in Adobe Creative Cloud, and trips around the region provide opportunities to practice shooting among some of the most beautiful and dramatic scenery in Europe.

ARCHITECTURE & DESIGN

This course introduces students to the disciplines of architecture and design. Classwork includes studying classical to 19th-century architecture, sketching from slides, and creating several models that are displayed during the Summer Arts Festival. A required weekend trip takes the class to Basel, Ronchamp, and Weil-am-Rhein to explore the renowned Vitra Museum. *Offered first session at an extra cost*, this course makes use of a purpose-built architecture studio on campus.

FASHION & TEXTILE DESIGN

This is an introductory course for students interested in exploring the art of fashion. Students learn the process of creating fashion designs and textiles

through illustration, silk painting, block printing, and natural dyeing, and they also study branding, marketing, sustainability, color psychology, and trend anticipation. Class trips include visiting the Ratti Textile Museum in Como, touring the VF International European Headquarters, and taking a fashion industry tour of Milan. *Second session only.*

LA CUCINA ITALIANA

Learn to cook authentic Italian food! Students choose ingredients at Italian markets, tour Italian cheese and meat factories, practice knife skills, and learn how to perfectly balance spices. They leave with an extensive knowledge of the food culture of Italy—and with a few recipes to use for years to come! *Second session only.*

I would like to praise the TASIS team for providing our daughter a once-in-a-lifetime experience! All was highly organized, the campus and town of Lugano were spectacular, the staff friendly and helpful. We are very pleased with her experience at TASIS Switzerland.

TSP Parent

EXPLORE

Hike the Jungfrau. Sketch in Venice. Climb a glacier. Eat in Rome. Explore Nice. Go canyoning, whitewater rafting, or kayaking. With a location in the heart of Europe, the TSP travel program introduces you to beautiful and exciting destinations—from the Italian lakes to the Swiss Alps to the Mediterranean coast.

PLAY

Afternoons at TSP are devoted to sports, the arts, travel excursions, outdoor adventures, and other activities. Go windsurfing, paddleboarding, sailing, or swimming on the Italian lakes; play tennis, soccer,

basketball, or volleyball; or improve your fitness and flexibility with yoga or Pilates. Dance, drama, and musical theater options are also available and culminate with performances during the Summer Arts Festival.

Special sport tracks are available at an extra cost. You may choose to participate in our **Olympia Milano Basketball Club**, where coaches from the Olimpia Milan Armani Junior Program focus on improving physical strength, fitness, and confidence; in the **Milan Academy Scuola Calcio**, which offers the exceptional opportunity to work on your skills with coaches from the renowned AC Milan Club; or in **Crossfit**, a strength and conditioning program consisting of aerobic exercise, calisthenics, and weightlifting.

The memories that TASIS leaves in my life keep me coming back year after year. It's such an experience to come here every summer. Every time I come here I leave with bright emotions in my soul. I come back and the memories hit me. This is my family now.

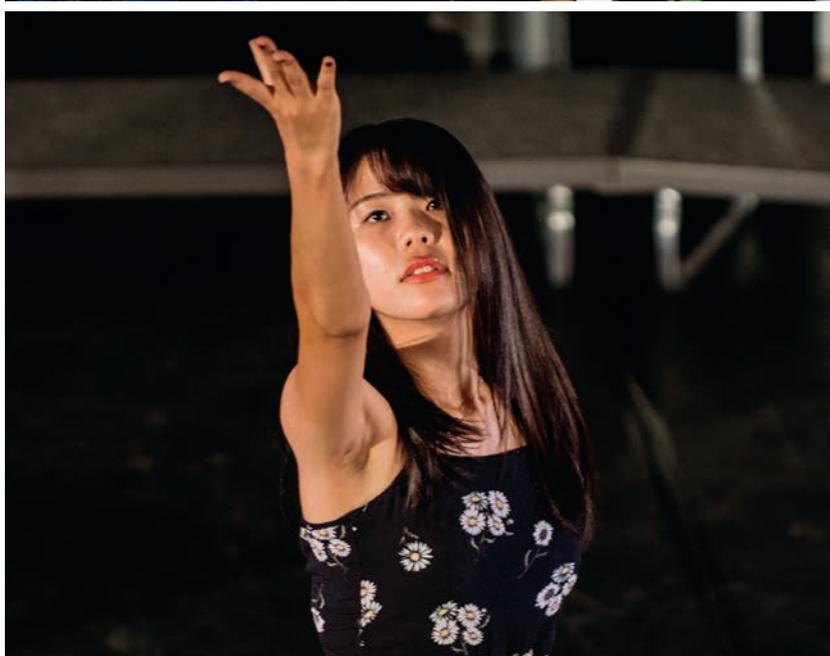

Nikita, Russia

GROW

One of the most important aspects of TSP is friendship, and global friendships help us become global citizens. Where else can students meet peers from more than 60 countries who quickly become a second family?

The boarding program at TSP reflects the tradition of TASIS as one of the world's most exclusive boarding schools. Students are housed in spacious dorms on campus, and after a structured day of learning and sports, they enjoy an array of fun evening activities together.

Above all else, TSP students are immersed in the values that TASIS holds most dear—culture, wisdom, knowledge, and truth—as they strive to unlock their full potential.

A TYPICAL DAY FOR TSP STUDENTS LOOKS LIKE THIS:

8:15–9:05	Breakfast
9:20–9:35	Morning Meeting
9:40–14:35	Selected course of study, with a break for lunch
14:45–18:00	Afternoon sports, arts, and/or excursions
18:25–19:15	Dinner
19:30–19:40	Evening Meeting
19:40–22:00	Evening activities, free time
22:00	Return to dorms, check-in
23:00	Lights out

The trips, the people, the languages—it's all special. TASIS is a part of the world where all people can come and learn about themselves.
Sofia, Italy

THE MIDDLE SCHOOL PROGRAM (MSP): Ages 11–13

LEARN

Stretch your mind and develop new skills with first-rate teachers and inquisitive students from around the globe. Each student selects one of the following courses and focuses on that subject for approximately four hours for five mornings each week.

ENGLISH AS AN ADDITIONAL LANGUAGE (EAL)

MSP offers students the chance to improve their confidence and skills in English. Our teachers make learning fun by providing interactive, challenging activities, and the immersive MSP environment compels students to practice their English during sports, activities, meals, and excursions.

Advanced EAL students will have a choice between one of the two courses below, subject to proficiency.

ACADEMIC WRITING

This course is designed for high-level English students who must demonstrate proficiency in the language. Students improve their writing by learning how to structure and write essays, research papers, and persuasive texts, and they leave with a portfolio of writing that can be used to bolster their applications for courses around the world.

THE SHORT STORY

Designed for advanced English students with a strong knowledge of the language, this new course explores what makes a good short story through reading and discussion of some of the most acclaimed short stories in English literature. In addition to comprehension and critical thinking, students have the opportunity to improve their creative writing skills by writing their own short stories.

ITALIAN: BEGINNER AND INTERMEDIATE

Ticino, the only Italian-speaking Swiss canton, is the perfect environment for learning conversational Italian. Students will build their vocabulary and learn to write about topics in the areas of fashion, food, art, and culture. They reinforce their classroom learning with excursions to locations throughout Ticino and Italy.

FRENCH

Students learn from native speakers who are dedicated to helping them gain confidence in their skills. Optional trips to the French-speaking part of Switzerland provide a chance to use the language in the real world.

MUSICAL THEATER

Students improve their acting, singing, and dancing skills by working with professional performers based in New York, London, Los Angeles, and beyond. They also learn about the production side, including set

design, costume design, and stage management. The group performs an original musical at the Summer Arts Festival that takes place at the end of each session.

DIGITAL PHOTOGRAPHY

An experienced photographer works with students who are looking to make every photograph a better one. The curriculum focuses on camera features, composition, lighting techniques, and image processing, and the class takes various trips to scenic locations around Ticino. Cameras are provided.

EXPLORE

Climb up a mountain and take a zip-line down. Jump off a rock while canyoning. Pose with a peacock in a garden on Lago Maggiore. Watch an opera in Verona's Roman amphitheater. Taste fresh cheese and olive oil in Tuscany. MSP offers travel experiences that open your mind and broaden your world.

HIKES

Spending time outdoors is an important part of the MSP experience. Students go on hikes at the beginning of each session that explore the local area, and hiking is a part of many of our MSP trips in Ticino and beyond. Children are able to connect with their peers, counselors, and teachers in meaningful ways as they explore nature together.

DAY TRIPS

Tuesdays and Wednesdays are the MSP "weekend" and are reserved for travel. Among other options, adventure lovers can go canyoning, caving, or swimming in icy Alpine waters while culture enthusiasts can explore Milan, Como, or Lucerne. Day trips immerse students in the cultures of Switzerland and Italy.

OVERNIGHT TRIPS

Overnight trips are an exciting blend of cultural and adventure activities. Trips may include ice climbing to an alpine hut near Andermatt, camping in the lush Swiss mountains, exploring the French-speaking region of Château-d'Oex, strolling the Italian coast between Santa Margherita and Portofino, visiting charming Tuscan hill towns, and marveling at the Matterhorn peak from Zermatt. These trips are a wonderful opportunity to bond with friends while experiencing a new part of the world.

PLAY

Two afternoons per week, MSP students have a **Sports** track. Options include archery, tennis, windsurfing, climbing, waterskiing, volleyball, and more, ensuring that students spend time exercising and learning to stretch themselves physically.

Those looking to take their athletic skills to the next level can join an **MSP Sports Club**. Students can train with professional soccer coaches from the renowned AC Milan Club in the Milan Academy Scuola Calcio, work with first-rate basketball coaches in the Olimpia Milano Basketball Club, refine their tennis skills, or hone their golf games. *Participation is at an extra cost.*

Evening activities give students a chance to relax, play games, and spend time with friends. Mondays are always Cultural Nights, where students watch special performances. Other activities throughout the session include a World Cup soccer tournament, Capture the Flag, and a semi-formal dance.

Enrichment Afternoons are every Friday, when each teacher takes a group of students and immerses them in a structured non-academic lesson that stretches their knowledge. Examples include first aid, touch rugby, healthy eating, exploring local biodiversity, and visiting the Bellinzona castles.

Saturday afternoons are spent working on special **Leadership Activities**, including a regatta on Lake Lugano and the TASIS Olympics.

On Sundays, all students work on **Special Cultural Projects** that include planning and executing a Carnivale and producing a World Expo featuring food, music, dance, and more. These fun projects require teamwork and leadership and allow students to use their target language or musical theater skills in a variety of situations.

Four nights per week, MSP students join our amazing Dedicated Performing Arts Team for **Arts Hour**, where they are encouraged to try something new—learn a musical instrument, write a song, create a dance—in a comfortable environment. Arts Hour classes perform during the Summer Arts Festival at the end of each session. (Note that students in the Musical Theater course will have their rehearsals during Arts Hour.)

I really like the trips we take. I went to to the Italian Riviera and to Andermatt. I love to hike and to see beautiful sights. It was a great experience that I'll never forget.

Gabriela, Finland

GROW

Meet new friends from around the globe while exploring some of the most beautiful and exciting areas in Europe, challenging yourself physically, and expanding your horizons in the classroom. MSP will broaden your world.

Pastoral care is integral to the boarding program and allows MSP students to thrive as independent young people. Housed at one of the world's renowned boarding campuses, MSP gives students the remarkable opportunity to be away from home within a nurturing and structured environment. The

TASIS ethos of culture, wisdom, knowledge, and truth remains central to the program.

For many MSP students, this is the first time away from home and represents an intense period of growth. Our dedicated staff is trained to support our boarders through this transition. Students are housed with peers from countries and cultures unlike their own, encouraging cultural exchange and global friendships.

After a full day of classwork and activities, students spend their evenings enjoying group activities before nightly dormitory meetings.

I have friends from Turkey, Turkmenistan, Russia, Japan, China, the USA—loads of places. There are so many similarities between us, no matter where we're from. We're all the same. We really get close to each other in three weeks.

Lila, France

MSP WEEKLY SCHEDULE

MONDAYS

Morning: Classes

Afternoon: Activity & Sports Tracks

Evening: Cultural Night

TUESDAYS

Long day trips to nearby cities and towns such as Como, Lucerne, or Turin, or to adventure activities such as canyoning, caving, or an Alpine ropes course.

Overnight trips leave for destinations such as Tuscany, the Italian Riviera, Zermatt, and Andermatt.

WEDNESDAYS

Short day trips to destinations such as Monte Tamaro, the Borromean Islands, or Villa Balbianello on Lake Como.

One-night overnight trips return in the evening.

THURSDAYS

Morning: Classes

Afternoon: Activity & Sports Tracks

Evening: Activities with the counselors or shopping in Lugano.
Two-night overnight trips return.

FRIDAYS

Morning: Classes

Afternoon: Enrichment Afternoons

Evening: Arts Hour, activities with the counselors

SATURDAYS

Morning: Classes

Afternoon: Leadership activities

Evening: Arts Hour, activities with the counselors

SUNDAYS

Morning: Activities and Cultural Project preparation

Afternoon: Cultural Project preparation

Evening: Arts Hour, Cultural Project presentations

LE CHATEAU DES ENFANTS (CDE)

Ages 7–10

LEARN

The learning environment at CDE focuses on nurturing curiosity about the world in a safe, family-like atmosphere. Small classes allow our teachers to engage the children by using songs, games, and hands-on activities that help make learning fun! Each student focuses on one of the four classes listed below, all of which meet for approximately two hours each morning and again in the afternoon for Exploration Hour, an engaging, project-based learning experience designed to reinforce language skills and creativity.

FRENCH

Our French program introduces children to the languages and cultures of French-speaking countries. The learning continues outside the classroom, as students sit at special lunch tables to gain additional speaking practice.

ENGLISH AS AN ADDITIONAL LANGUAGE (EAL)

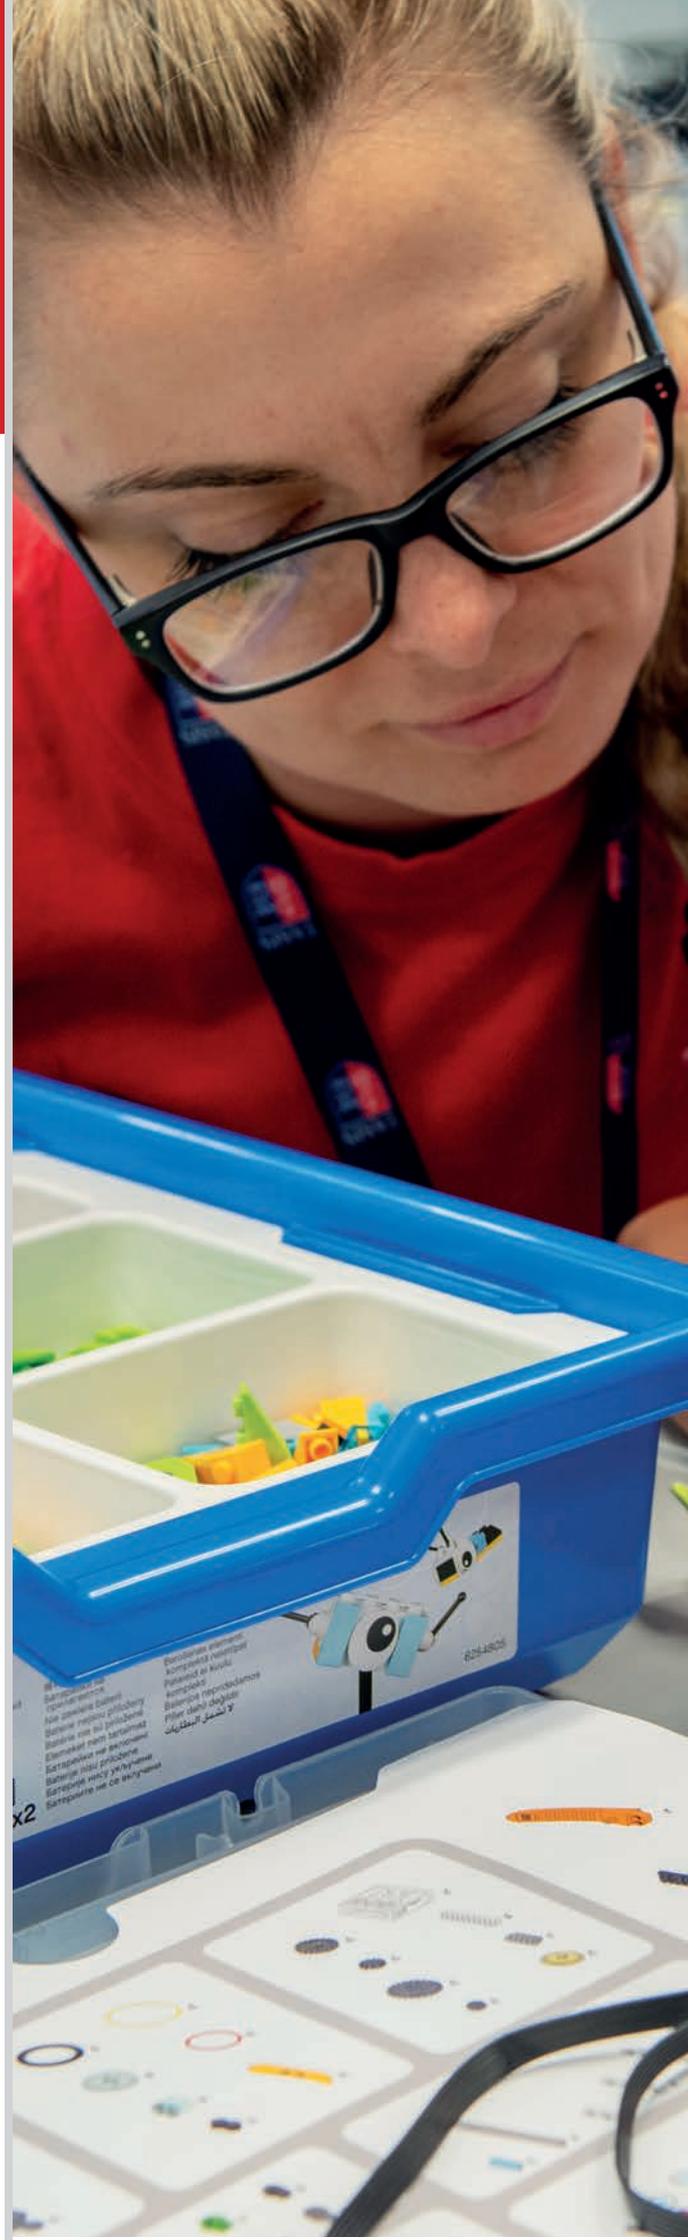

The immersive English environment of CDE is ideal for students to grow their confidence and skills. Class time introduces children to academic language and vocabulary, group projects encourage teamwork, and field trips give students the chance to use their target language in the real world.

ENGLISH LANGUAGE ARTS (ELA)

This course is designed for near-fluent and native English speakers who want to challenge their language skills. Students explore language through word study work, read books, participate in critical thinking discussions, craft both creative fiction and nonfiction pieces, and reinforce their oral language skills by delivering presentations in front of their teachers and peers.

STEAM

This exciting course draws upon Science, Technology, Engineering, the Arts, and Mathematics to guide inquiry, problem solving, and critical thinking. Based on the Design Thinking model, students learn foundational principles in Math and Science through design challenges and hands-on activities. STEAM is taught in English.

EXPLORE

CDE students have ample opportunities to further their learning outside the confines of their primary academic class.

ROBOTICS

Once a week, students visit the state-of-the-art Campo Science Center for an exciting exposure to the principles of robotics. Each session is designed to help them develop a passion for programming, problem-solving, engineering, and creativity. Working with their peers and teacher, students explore engineering concepts through teamwork, construction, and imagination.

SCIENCE

Each student also participates in a weekly science course that provides a hands-on, interactive look at the physical sciences.

TRAVEL

Time off campus lets children explore new surroundings while feeling safe and secure with their friends and counselors. Recent activities have included pedal boating on Lake Lugano, learning how to make cheese at an Alpine dairy farm, creating toys at a toy hospital, exploring a fossil museum, and visiting the historic Bellinzona castles. All children have the opportunity to go on an overnight camping trip in the Alps, 10-year-olds take a special trip to the Monte Tamaro high ropes course, and boarding students spend an evening shopping in downtown Lugano.

CDE boarding students take part in special weekend trips, including full-day trips on Sundays. Recent excursions have included a journey to Lucerne to explore the renowned Swiss Transport Museum, a visit to the Parco San Grato botanical gardens, and a trip to the Pombia Safari Park in Italy.

PLAY

SPORTS AND SWIMMING

CDE students may choose to take part in two intensive, four-day sports programs taught by highly qualified coaches: Milan Academy Scuola Calcio, which is run by coaches from the renowned

AC Milan Club, and Tennis Junior Camp. These optional programs are offered at an additional cost, and tennis is only for intermediate and advanced players.

Children swim nearly every day and are instructed by certified lifeguards to build their confidence in the water. They also play a variety of sports that focus on teamwork and fundamental skill building.

PERFORMING ARTS

Our talented Dedicated Performing Arts Team prepares the children to perform an original musical and teaches them singing, dance, drama, musical theater, percussion, and even ukulele! Students showcase all their hard work at the Summer Arts Festival during the final week of each session.

VISUAL ARTS

Special visual art classes allow children to express creativity through a variety of mediums, from painting

to photography to ceramics. Projects are displayed at a Visual Arts Exhibition during the final week of each session.

EVENING ACTIVITIES

After dinner, counselors lead the children in activities that focus on teamwork and friendship. Favorite events include a luau and dance, a scavenger hunt across campus, the Ultimate Dance Off, a Harry Potter night, a game of Capture the Flag, and a Carnivale put on by the Middle School Program.

WEEKEND CLUBS

On Saturdays, boarding students take part in a number of exciting weekend clubs that are designed to teach children new skills in small groups. Recent activities have included paddleboarding, French cooking, landscape watercolor painting, hiking, and puppet-making.

TASIS is magic! Children don't want to come back home! It is an extraordinary, fantastic, wonderful place with a great team, a gorgeous landscape, and beautiful-hearted people. It has been a real family to our children, and the children are so happy at TASIS! Really happy!

CDE Parent

GROW

CDE is proud to attract students from dozens of countries, truly bringing the world to your child. Our young learners delight in learning about each other and themselves.

The boarding program at CDE is a vibrant and intimate community housed at one of the world's finest boarding campuses. Staffed by caring and

dedicated educators, the CDE boarding program is a vibrant and intimate community that reflects the ethos of the TASIS schools by encouraging children to respect and learn from one another. The young boarders are placed with students from cultures and countries different than their own and enjoy a highly structured routine that helps them feel safe and encourages them to find their independence.

A TYPICAL DAY AT CDE

MORNING

Language (or STEAM) classes, excursions, sports activities, and science or robotics

LUNCH

Sit with language groups to practice the target language

AFTER LUNCH Reading and rest

AFTERNOON

Exploration Hour plus arts activities and music

EVENING

Games, parties, activities, bedtime story

21:00 Bedtime stories/lullabies and sleep

We couldn't have been happier. The campus, the counselors, the management team—everything associated with the program was above and beyond what we could have ever imagined.

CDE Parent

(CDE) MINNOWS

Ages 4¹/₂ – 6

LEARN

Our youngest CDE members, the Minnows, are exposed to English or French through daily lessons. Teachers use songs, drama, and activities to learn vocabulary and phrases that they practice every day.

Our 6-year-old Minnows can choose to stay for an extended day, in which the learning continues through reading and writing activities that support their emerging literacy skills, an introduction to STEAM principles in our Tiny Tinkering Lab, and interactions with older CDE students that help promote social and emotional growth.

EXPLORE

Even our youngest students get to explore the wonders of Switzerland! Time off campus gives Minnows a chance to be together in a new and safe environment. Favorite excursions include visiting an Alpine dairy farm, discovering the Bellinzona castles, going on a nature walk, and exploring downtown Lugano.

PLAY

Creativity is a necessity of childhood! The Minnows' learning continues in our Exploration Room each morning, offering direct application of language-learning. Through play-based, child-directed activities, the children engage with language in the moment while learning content-based concepts in science, literacy, and culture. Minnows also participate in a variety of art projects using paints, collage, and clay, all of which are designed to help strengthen their fine motor muscles. A special afternoon activity focuses on learning about a visual artist and replicating his or her style to create a new piece. The artwork is displayed during the Summer Arts Festival at the end of each session.

GROW

It never ceases to amaze us just how much a young child can change and grow in only a few weeks. The children learn about each other and create their own community in which each child is valued and supported by one another. We invite you to see for yourself!

Our daughter grew up so much in so many ways, and allowing her to board the final 10 days was beneficial to her entire experience.

LUGANO CAMPUS

TASIS SCHOOLS

Switzerland

TASIS The American School in Switzerland offers a challenging college preparatory program during the Academic Year for day students in grades Pre-Kindergarten to 13 (postgraduate) and boarding students in grades 7–13. With a student body comprising 60 nationalities, TASIS offers a truly global educational experience, taking advantage of its location in the heart of Europe to provide an outstanding program with an unparalleled international dimension. Along with an American college preparatory program, TASIS offers International Baccalaureate, Advanced Placement, and English as an Additional Language programs. Highlights include two weeks of Academic Travel each year and a pioneering Global Service Program. www.tasis.ch

England

TASIS The American School in England offers an American college preparatory curriculum to day students from Pre-Kindergarten to grade 12 and boarding students in grades 8–12. Located 18 miles southwest of London on a beautiful 35-acre estate of Georgian mansions and 17th-century cottages, TASIS England combines a rigorous academic program with exceptional facilities for art, drama, music, computer science, and sports. TASIS offers International Baccalaureate, Advanced Placement, and English as an Additional Language programs.

www.tasisengland.org

Puerto Rico

TASIS Dorado is a coeducational day school with English as its language of instruction in grades Pre-Kindergarten through 12. It offers a top-quality, innovative academic program within modern facilities and attractive natural surroundings. The School offers excellent programs in music, drama, and art and encourages enthusiasm for learning and individual growth within a purposeful community.
